VFW Post 67

Mural Project-Enter as Strangers Leave as Brothers

In 1917 the Veterans of Foreign Wars Post 67 was established in Sacramento. The mission of Post 67 is to support Veterans and their families, ensure Veterans receive respect for their service, and recognize the sacrifices they and their loved ones have made on behalf of this great country.

Sacramento County is home to 84,000 veterans. Their proud history remains unseen to the community.

The leadership of Post 67 has commissioned a mural to visually honor the legacy of our veterans, their sacrifices, service to country, and pay tribute the brothers and sister in arms that made the ultimate sacrifice.

The mural will be located at the VFW Post 67 Lt. Lansdale located at 2784 Stockton Blvd., Sacramento on the exterior wall to the Northwest for all to appreciate. This site sits across the street from UC Davis Medical Center and Shriner Sacramento and with thousands of commuters daily.

Murals are a powerful statement that build community pride. It is important for our Veterans to feel connected. The mural will demonstrate a supportive network, which may positively affect a sense of belonging and help prevent the high rate of Veteran suicide.

Local artists committed to developing and painting the Veterans Mural are Jose Lott, Markos Egure, and Gustavo Reynoso. The artists will develop initial renderings for final design approval by VFW Post 67 Leadership. The goal is to start the installation in May 2025.

The current budget for the Veterans Mural is $18,000. The VFW will secure funds through public/private grants, local business, and individual donations. The VFW Quarter Master will administer all funds raised. VFW Post 67 is a non-profit 501-C19 organization and works with VFW Department 501-C3 for administrative support.
